NOTE.—It is not uncommon for Doubloons and parts of Doubloons to be light—Doubloons should be as heavy as American dollars. An act of Congress, March 3, 1843, legalized this kind of gold at 89 cents 9 mills per dwt. When light its true value may be got at by weighing it with American silver, allowing 77 cents for the weight of a five cent piece. Portugal and Brazil pieces can be tested by allowing 80 cents for the weight of a five cent piece.
